

INSTRUCTIONS FOR CUSTOMIZING THE HEADER GRAPHIC FOR THE COMPREHENSIVE REPORT OF FINDINGS

This document will outline the steps necessary to change the default header graphic for the Comprehensive Report of Findings, in the Fitness Analyst. The Comprehensive Report of Findings uses a different header graphic than other reports in the Fitness Analyst. Any changes made using these instructions will only affect this report.

Please note you will need to create a Header Graphic file that is 659 pixels by 118 pixels, and must be saved with the filename "ComprehensiveHeader.bmp", which is a "Bitmap (BMP)" file, prior to following these instructions. The instructions assume that you have already created this file.

If you have more than one computer running the Fitness Analyst, this procedure needs to be carried out on each computer running the software.

Procedure

- 1. Right click on the "My Computer" icon on your desktop, or by clicking on the "Start" button.
- 2. Select "Explore" from the dropdown menu.
- 3. Navigate to "C:\Program Files\BSDI\Rave"

PO BOX 357 • CALIFON, NJ • 07830 Phone: (908) 832-2691 Email : support@bsdiweb.com

- 4. We are going to rename the original Header Graphic file, to another name as a backup. This ensures that if we do not like your replacement graphic, or that you wish to return to the original, it will be available.
- 5. Right Click on "C:\Program Files\BSDI\Rave\ ComprehensiveHeader.bmp".
